Amendments to the Claims:

This listing of claims replaces all prior listings, and versions, of claims in the present application.

Listing of Claims:

1. (Currently Amended) A ~~communications~~ communication device including a messaging user interface, the interface including means for selecting a component for inclusion in a message, means for selecting at least one of time, date, and location conditions under which the message may be opened by a device of a recipient and means for storing said component as a message together with a message header holding the at least one of time, date, and location conditions under which the message may be opened by the device of the recipient in a memory of the communication device.

2. (Previously Presented) A device as claimed in Claim 1, in which the message header further contains information descriptive of content of the message.

3. (Canceled)

4. (Canceled)

5. (Original) A device as claimed in Claim 1, wherein the message includes a plurality of components and associated presentation files.

6. (Original) A device as claimed in Claim 1, in which at least one component is a multimedia file.

7. (Original) A device as claimed Claim 1, including means for creating a presentation file associated with said component, said file being stored with said message.
